**INTRODUCTION**

This is the instruction for the preparation of abstracts for the BME2010 Proceedings. English is the official language. Please do not forget to check the spelling. Read the instructions in this sample carefully before typing. The abstract should be prepared using MS Word. The authors must strictly adhere to the instructions for preparation of the abstract. BME2010 Conference and Pre-conference Workshop will be held during 2-5 November, 2010 in Hong Kong. All abstracts for BME2010 must be submitted electronically by 31 August 2010. More details can be found in the official website <http://www.hkpc.org/bme2010>.

All abstracts must be submitted as PDF file and files should not be larger than 4 MB. Abstracts that meet standards of acceptability will be included in the printed Conference proceedings.

**METHODS**

The abstract is limited to one A4 size page (210x297mm), with two columns of text, justified. Left and right margins should be 15 mm, top and bottom 20 mm. Type font is Times New Roman or Times Roman 10 pt. It is best if abstracts are formatted using this document as a template. Please do not change formatting within the template document, as this may cause problems when including abstracts in the printed proceedings. The Conference organization reserves the right to reject abstracts that do not adhere to the formatting guidelines in this document.

The title (in bold caps), authors, and author affiliations should be centered across the top of the page. Use numerical superscripts to distinguish authors from different institutions. An email address of the corresponding author should be included. A web address of department, laboratory or author may be included if desired.

The body of the manuscript should be divided into sections specifically titled as follows: Introduction, Methods, Results and Discussion, and Conclusions (optional). Text within each section should be full justified, without paragraph indentations. Leave a blank line between paragraphs.

**RESULTS AND DISCUSSION**

Figures and tables may be incorporated within the document and must be referenced in the text (Figure 1). Captions must

be legible and placed below each Figure, and above each Table. Tables may extend across two columns when needed (Table 1). Use "Format -> Columns" to control which parts of the text are in single column format.

**Figure 1:** It is intended as an example and shows the logo of HKIE. Color can be used.

Reference citations within the text are to be made with numbers [1,2]. References are to be formatted as illustrated on this page. Place the journal or book title in *Italics*, with volume numbers in **bold** [3].

All questions about the conference should be addressed to [bme2010@hkpc.org](mailto:bme2010@hkpc.org).

**CONCLUSIONS**

Abstracts for BME2010 must be submitted electronically by email to [bme2010@hkpc.org](mailto:bme2010@hkpc.org) by 31 July 2010. Authors will be notified of acceptance by 30 September 2010. All accepted papers will be considered for the Awards of Best Young Engineers' Paper Competition.
