

HKPC

Our hand to the industry

Innovation is meant to disrupt. Disruption unleashes creativity.

The Hong Kong Productivity Council (HKPC) offers disruptive yet innovative ideas with creative solutions and technology applications.

Our expert teams are ready to serve the community.

Smart Mobility

- Internet of Vehicles (IoV)
- EVs & Smart Charging Solutions
- Autonomous Driving Development

e4.0 & i4.0

- e4.0 & i4.0 Sector-specific & Module-based Training
- e4.0 & i4.0 Pilot Project Identification & Implementation
- Smart Factory / Enterprise Maturity Level Assessment & Recognition
- Smart Innovation & Smart Product Development
- Smart Supply Chain & Smart Production Implementation

AI & Robotics

- Industrial AI & AI Factory
- Robots & Intelligent Systems
- Intelligent Automation & Smart Manufacturing
- Smart Logistics & Warehouse Automation
- Retail Reshape

Smart Machinery

- Machine IIoT (Industrial Internet of Things)
- Real Time Data Requisition & Analytics
- High Level Autonomous Automation

Additive Manufacturing

- Advanced Additive Manufacturing & Powder Development Technologies
- Digital Light Processing for Ceramic
- Jet Fusion for High Strength Plastic (Nylon)
- Direct Metal Laser Sintering for Metal
- Polyjet for Full-colour Resin
- Gas Atomisation for Ultrafine / Reactive Metal Powders Production

Digital Transformation

- IT Consultancy & Assessment
- Big Data Analytics & Applications
- Blockchain Applications
- Zero Infrastructure (Cloud) Implementation
- Software Testing & IT Governance

Green Tech

- Pollution Control Technology
- Energy Storage & Waste Management

Food Tech

- Food Safety & Preservation
- Food Industry Efficiency

GeronTech

- GLink – Hong Kong's First Gerontechnology Cluster
- Consultancy & Systems Localisation
- Solutions Design & Evaluation

STEM Training

- STEM Trainings & Events
- STEM Pilot School Programmes
- STEM Lab Setup & Support Services

New Technology Adaptation & Trend Monitoring

- New Technologies Promotion for Service Sectors
- New Technologies Development for Digital Content Industries
- Survey & Index Tracking

Cyber Security

- Assessment, Consultancy & Implementation on IT & IoT

Testing & Standards

- HOKLAS Accredited Testing Labs
- Electronic & Electric Testing
- Electromagnetic Compatibility (EMC) Test
- Electronics Reliability Test
- Chinese Medicine Testing & Odour Testing

Corporate Sustainability

- Operation Strategies & Sustainability Management
- Gap Analysis Services
- Carbon Trading System
- Sustainability / ESG Impact
- HR & Talent Development

THE HATCH

- Asia's First Systematic Design Thinking Workshop
- Innovative Industrial Technology & Digital Manufacturing

- One-stop Services for SMEs
- Information on Government Funding Schemes
- New Technology & Business Information

- Industrial Designs, Prototypes & Products
- STEM Education
- Technology Seminars & Workshops

- Corporate Training in Innovation & Technology
- Reindustrialisation and Technology Training Programme (RTTP)
- Executive Trainings
- Emerging Technologies Trainings
