

# Manufacturing & Tooling

Across 3 Steps of Industry Chain

**LIMITED TIME OFFER**

## Design Verification and Simulation

### ● Computer Aided Engineering (CAE)

- Mold Flow Simulation
- Heat and Fluid Simulation
- Mechanical Analysis
- Dynamic Structural Analysis
- Structural, Dynamic and Motion
- Robotic Simulation
- Customised Machine Simulation
- Production Line Simulation
- Product Structure Optimisation

### ● Multiphysics Simulation

- Electromagnetic Characteristics of RF Devices Analysis
- Electromagnetic Field, Electromagnetic Compatibility Simulation
- Fluid Flow Analysis
- Temperature Field and Heat Flux Analysis
- Product Design Optimisation

Leverage the exclusive chance to enjoy HKPC's services.

**Contact us now!**

**t** +852 2788 5555

**e** [service@hkpc.org](mailto:service@hkpc.org)

Promotion period starts from now until 31 December 2019.

Terms and conditions apply.

## 3D Prototyping and Small Batch Manufacturing

- Conformal Cooling Tool Design & Production
- Diffusion Bonding
- 3D Printing, 3D Scanning, 3D Modelling
- Powder Injection Moulding (Metal & Ceramic)

## Product Testing

- Products, Machinery and Tools Failure Analysis
