

Guidance notes for applying for Patent Application Grant

1. The application form is available both in Chinese and English. The form should be typed.
2. The form is in three parts. Applicants are required to complete Parts I, II and III of the application form. Please provide supporting documents whenever appropriate. Where the information sought is not applicable or not available under a particular section, fill in “NA” or “nil”.
3. Please provide clear and concise information. Additional page(s) may be attached to the form if necessary.
4. Personal particulars of applicants and inventors are requested for processing the application under the Patent Application Grant. If necessary, the information provided will be disclosed to the implementing agent, the Hong Kong Productivity Council (HKPC) in confidence for the purpose of assessment. Applicants have the right to request access to or correction of personal data provided in the application. Such request may be made to the Innovation and Technology Commission (ITC) on 3655 5678.
5. Inventor(s) is/are to attend interview(s) in person in Hong Kong to explain the background of the invention, provide detailed and accurate description of the invention and highlight the technology element involved in the invention.
6. To ensure genuineness of supporting documents, applicants are required to present the originals of supporting documents, including the patent search reports, for checking.
7. (For individual applicant) The applicant should have no direct or indirect financial, commercial, personal or other interests in, or have any association or connection with the owners, shareholders or management of the appointed patent agent and the staff responsible for handling the application.
8. (For company applicant) The owners, shareholders or management of the company applicant should have no direct or indirect pecuniary or other personal interests in, or have any association or connection with the owners, shareholders or management of the appointed patent agent and the staff responsible for handling the application.

9. The applicant shall observe the Prevention of Bribery Ordinance (Cap. 201) (“PBO”) in Hong Kong. The applicant shall prohibit its directors, employees, agents, suppliers, consultants, contractors and other personnel who are involved in the PAG from offering, soliciting or accepting any advantages (as defined in the PBO) when prosecuting the patent applications under the PAG.
10. If the applicant or any of its directors, employees, agents, suppliers, consultants, contractors and other personnel who are involved in the PAG commits any offence under the PBO when prosecuting the patent applications under the PAG, HKPC and the Government shall be entitled to withhold, suspend and/or terminate the PAG immediately and hold the applicant liable for any and all losses or damages HKPC and the Government may thereby sustain.
11. The applicant shall promptly provide information or clarifications to address the questions raised by the implementation agent or ITC. If the applicant fail to respond or provide relevant information within two months from the date of issue of the second reminder by the implementation agent, it will be considered that the applicant is no longer interested in pursuing the application and the application is deemed to be withdrawn.
12. In the assessment process, if the search report result is unfavourable but the applicant would like to proceed with the application, the applicant has to appoint a patent agent to provide third party advice to confirm the patentability of the invention. To ensure the impartiality of patentability advice, the patent agent providing the patentability advice should have no direct or indirect relationship/association with the patent agent to be appointed to handle the patent application matters after approval of the PAG application.
13. During the assessment process, all direct expenses should be paid in advance by the applicant, 90% of which would be reimbursed from the PAG funding if the PAG application is approved.
14. PAG can be used to cover 90% of the direct expenses of patent registration. The remaining direct expenses should be paid in advance by the applicant to the implementation agent upon its acceptance of patent agent’s quotation. To ensure that sufficient funding is available for the completion of at least one patent registration after the filing of patent application, a portion of the PAG funding (at least \$70,000 in general) will be reserved for the post-filing stage¹ Applicants are
