

“Mega Outreach Day 2021” Helps You in Every Moment!

The “Mega Outreach Day 2021” hosted by SME ReachOut was successfully concluded from 12 to 14 May. The 3-day event enabled 150+ SMEs and startups to identify funding schemes that best suit their business needs through 1-on-1 consultation. On the first day of the event, popular government funding schemes were introduced via live-stream webinar, while a couple of SME representatives were invited to share their experience on filing funding applications and how to make good use of SME ReachOut’s services so as to smooth out and save the time in the application processes. A big thank to all ReachOut partners and associations for their support and participation to make the event a great success!
