

【SME What's Up】 【Thanks for Joining “InnoPreneur MeetUp – GBA Live”】

With the promulgation of Qianhai plan and Hengqin plan, the Central Government strives to foster Hong Kong-Shenzhen co-operation to the next level by driving the two cities as dual engines to facilitate the development in Greater Bay Area. Hong Kong enterprises should stay tuned on the opportunities created by the two plans.

Special thanks to the support from all the speakers and our InnoPreneur Network friends, the “InnoPreneur MeetUp – GBA Live” was co-hosted by HKPC and the Chinese General Chamber of Commerce (CGCC), and was supported by Shenzhen Qianhai Authority, Hengqin (Hong Kong) Representative Office and Hong Kong Trade Development Council. The event came to a successful end and received an overwhelming response from local SMEs and Startups. The speakers shared with audience the benefits and opportunities in the GBA cities. Our “eClinics” experts attended onsite and provided FREE consultation service to SMEs and Startups, helping them solve their business problems.
